Defendant, by and through his or her attorney, requests the following information be provided regarding cell phone communications in the form of historical call detail records and tower locations, for cell phone number(s) **000-000-0000** for the period of time between **00-00-2000 and 00-00-2000**.

All information including but not limited to:

- I. Subscriber information for the above listed numbers, including financially responsible party, billing address, features and services and equipment,

2. All call originations, call terminations, call attempts, voice and text message transactions, including push to talk, data communications, SMS and MMS communications, and voice communications, LTE and/or IP sessions and destinations with cell site information, including the originating and receiving phone numbers or network IDs for all incoming and outgoing call transactions, data transactions and push to talk sessions.
3. Records are to include the IMEI, IMSI or other equipment or handset identification information for the target phone number if known.
4. All stored SMS content, MMS content and / or Browser Cache if available.
5. Beginning and ending switch and cell site / tower identifiers for each call, SMS MMS and data transmission, including the location information and azimuth for the tower and sector used for the call.
6. A complete table of cell towers / cell site information for all cell towers / cell sites in the LAC, NEID or service area and or for all switches used, active at the time period for the call detail records requested. This shall include:
 - a. cell tower location information including latitude and longitude
 - b. cell tower / cell site designation information / identification numbers
 - c. information for each cell site sector including azimuth.
 - d. equipment type used at the cell site, i.e. Lucent or Nortel, etc.
 - e. NOTE TO ATT MOBILITY: Even though the tower location information is in the call detail records, this subpoena also requests a list of cell tower locations with the latitude, longitude of each tower, the sector azimuth and the beam width, if known, for the time period covered, in comma delimited or Excel format, for every tower referenced in the call detail records responsive to this subpoena.
7. a legend and definition for any and all abbreviations used in the reports provided
8. An explanation of how to read the call detail records.
9. Any precise measurement data such as e-911 location data, NELOS data and or any other data recorded for the time period that will provide additional location data.
10. Specific information regarding the time stamps / time zones of the records.

Provide the following information regarding cell tower locations for the following areas containing cell towers actively in service between **0/0/20XX and 0/0/20XX**.

Include the below AT&T cell tower information:

LAC

CID

Latitude

Longitude

Sector Azimuth

11. Any records or information regarding cell towers that were undergoing maintenance, or were out of service the time period in this request.

All responsive data is to be provided in both Adobe PDF format and Microsoft Excel format, .TXT or .CSV format.

Please indicate in your response to this subpoena if there is any data loss due to the time difference between the date of the receipt of this subpoena and the time period requested, and if so, a detailed description of what data is not recoverable versus what data would be recoverable based on the carrier's retention period for call detail records.
